5	Bibliography	41

Introduction

Welcome to Sunshine Coaching Center Website! Our innovative and comprehensive full-stack website aims to revolutionize the way Coaching institutions manage their administrative and academic processes.

Developed as a college mini project, Sunshine Coaching Center Website is designed to streamline operations, enhance communication, and empower the teachers and students of Sunshine Coaching Center with a user-friendly and efficient digital platform.

At Sunshine, we believe in providing a nurturing and conducive environment for academic excellence. Our website embraces this vision by seamlessly integrating essential features for efficient administration, academic monitoring, and enhanced communication.

Sunshine Public School aims to bridge the gap between traditional coaching methods and the modern digital era. By leveraging cutting-edge technologies, our website offers a user-friendly, secure, and scalable platform that aligns with the evolving needs of coaching institutions.

Our website serves as a centralized hub where teachers and students can conveniently access and manage essential coaching-related information. Through the user-friendly interface, we aim to simplify complex tasks, reduce manual efforts, and empower stakeholders to focus on what truly matters: education.

Project Scope

User Requirements:

1. User-friendly interface and accessible to all: The platform will have a user-friendly interface that is easy to navigate, with clear instructions and features with accessibility 24 X 7.
2. Secure and reliable: The platform will be secure and reliable, with robust data encryption and backup mechanisms to protect data.
3. Availability of services: The platform will provide various services including courses, syllabus, notice, login, registration and other coaching related services.
4. Mobile compatibility: The platform will be compatible with mobile devices to ensure that residents can access the services using their smart phones.
5. Other features of the portal:
The main essential features of the website include following:
 - a. Dashboard for students having various modules like time table, registered courses, upcoming courses, etc.
 - b. All courses page for the information related to the available courses.
 - c. Login and Register page for all registration and login related that will be required to get access to the institute's material.
 - d. Contact us page will provide information about how to reach out to the school.

Module Specifications:

1. Home:
The homepage would be user-friendly and eye catching. It contains information about the courses and other modules available in the website.
2. All Courses:
This page contains the entire course list that the institute provides along with the facility to register for the courses.
3. Contact:
The page provides information about how to reach out to the institute.
4. About:
It shows the information about the coaching and its achievements.
5. Signup/Register:
This page facilitates the students to register into the website.
6. Login Page:
This page facilitates the students to log into the website.
7. Student Dashboard:
This page will be visible to students after login and provides info related to students and other information of the institute.

Following are the submodules of dashboard:

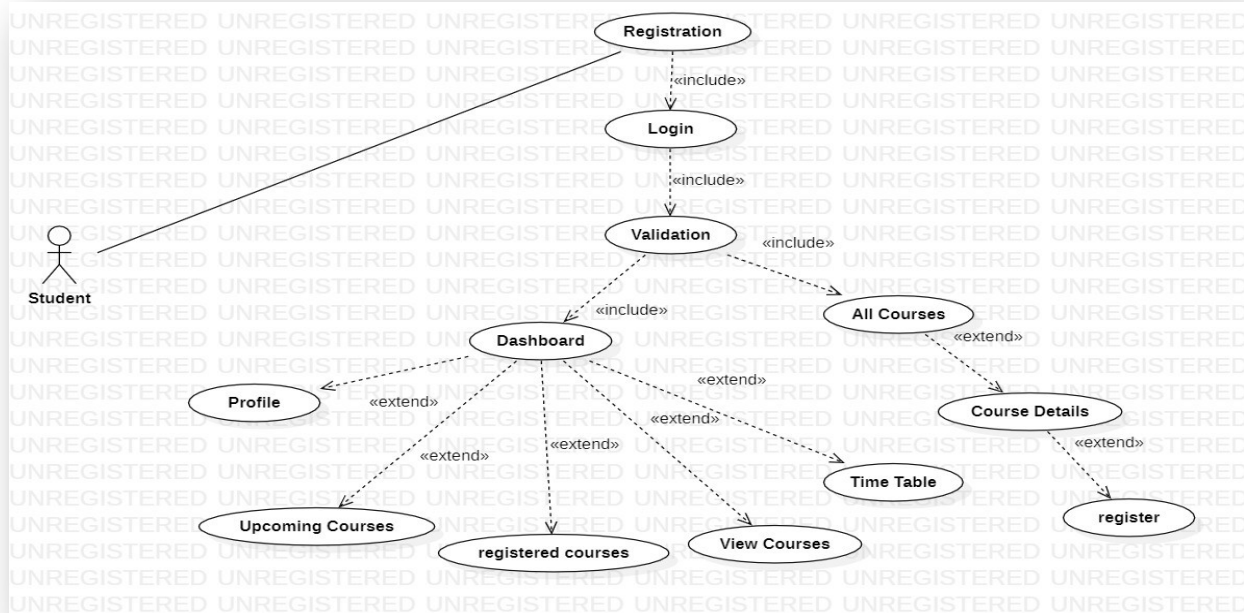

- a. Profile:
This module displays details of the student that was provided during registration
- b. Time Table:
This module displays routine for the morning and evening batch
- c. Registered Courses:
It gives the list of courses that the student has enrolled.
- d. Upcoming Courses:
All upcoming courses will be visible here.
- e. View all courses:
Entire list of courses that are taught by the institute is displayed here.
- f. Logout: A button to logout from the website.

Technologies Used

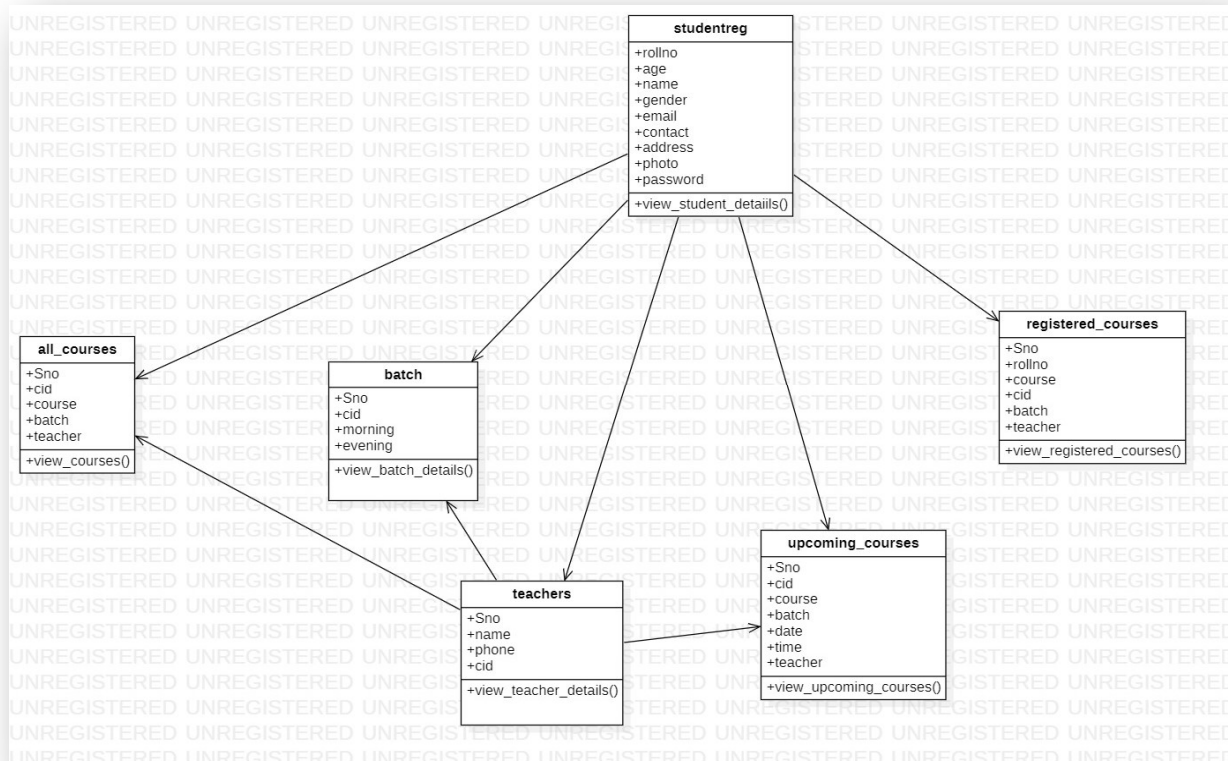

1. HTML
2. CSS
 - Bootstrap
3. Python
 - Flask
4. MySQL
5. Git and GitHub

About

About us

Welcome to Sunshine

Sunshine Coaching Center is a leading software training institute providing Software Training, Project Guidance and Technology Workshops.

Using our enhanced global software training delivery methodology, innovative software training approach and industry expertise, we provide high-value corporate training services that enable our clients to enhance business performance, accelerate time-to-market, increase productivity and improve customer service.

We serve Global 100 companies and the leading software vendors in Banking & Financial Services, Insurance, Telecommunications, Technology and Media, Information & Education industries. We design and mentor human resources for our clients who create competitive advantage.

Our Aims & Objective

The school aims at imparting that meets the needs of the life and aspirations of the nation, i. e.

- To assimilate the ideals of equality, efficiency and excellence.
- To enable with the over growing challenges of life.
- To inculcate the strength of character.
- To eradicate the evils of Casteism, religious intolerance and superstitions.

Our vision

"To impart value based quality education by synthesizing the rich ancient Indian heritage with modern Science and Technology"
